

# distinctively curated

*A home is not only a place in which you live. It's a statement about who you are. Laura Lee builds her business around understanding her clients, and the desires and details of a home that inspires them to be the best version of themselves. She recreates intentional and approachable high-end interior spaces, strategically applying editorial photography and interior architecture to not only curate a cohesive, comfortable living space—but a place where her clients can truly come to life.*
